KINDS OF PRONOUNS

There are several kinds of pronouns but the most common is the

PERSONAL PRONOUN

A personal pronoun is a word that **REPLACES** a noun by referring to what grammarians call

PERSON

There are three **PERSONS** in grammar:

1. first person: the person speaking (I, we)
2. second person: the person spoken to (you)
3. third person: the person or thing spoken about (he, she, it, they)

Notice that each person has several forms and we use these forms differently in our sentences:

I, my, me, we, our, ours, us
you, your, yours
he, his, him
she, her, hers
it, its
they, their, theirs, them
